APC SUCCESS

INTRODUCTION

This market-renowned and very popular three day training package is available for APC candidates working in real estate organisations and surveying firms that do not have access to a corporate APC training programme.

We bring together up to 15 candidates in single groups for the intensive and highly-interactive two-stage programme, which is suitable for candidates on the Commercial, Residential, Property Finance & Investment and Planning & Development APC Pathways.

Details of the dates and how to register are available via our **website** and will be treated on a first-come, first-served basis. The key details for the course are provided in this prospectus. By registering for the course, you will be joining a cohort of candidates from other firms that will be sitting their APCs at the same time as you, and we encourage candidates to support each other as they prepare for their submissions and interviews.

If you have any queries regarding this course, please do get in touch.

We hope to hear from you soon.
